

Meet the educational work in our kindergarten in Germany

What are we looking for?

- Are you a **native English speaker** AND do you have an **educational background** (e.g. preschool teacher, teacher in training, student in education, interested in Au Pair)?
- If so, please join us in helping our children discover the joys of learning a new language. (minimum stay of **6 months**)
- Take part in our daily preschool routines of playing, singing, baking and taking walks. Become familiar with our way of teaching and teach our children to become excited about learning a new language.
(Start date: ASAP)
- We offer **free boarding and meals** as well as a monthly compensation of **300 Euros**. Some knowledge of German may be helpful, but is not necessary.

Who we are?

- We are a progressive **pedagogical organization** that is part of the German Red Cross and supported by the parents. We teach 100 children ages 0-6. One educational focus is on daily outdoor play according to the seasons as well as fresh preparation of all the meals (healthy and seasonal).
- Our town of Datteln has a population of 35.000. It is in close proximity to some larger cities (Dortmund – 25km, Muenster – 50km, Cologne - 100km). Datteln offers many recreational and outdoor activities due to the surrounding canals.

Contact us!

- Did we get you interested in introducing our **3-6 year old children** to the English language for a minimum of **4 hours a day** (within pedagogical guidance)?
- If so, please mail a resume to Edith Welzel:
edith.welzel@drk-kita-datteln.de;
phone: ++ 49-2363-55292
DRK-Familienzentrum, Ahsener Str.45,
45711 Datteln, Germany.

Thank you!
